# Sex isn't an option

Sex is something that is used to cover up the insecurities. For not loving myself enough. He sees an easy target, so he targets me. Knowing that it means so much to me for someone like him to be interested. He acts on it. I fall for it. Giving him all his sexual desires and more. I give him what he wants and not get any love in return. After he's done, he gets up and run. From the girl he used to pleasure his sex crazed mind. Just to be a nother teenage girl willing to be fast. All I was for him was a piece of a\*\* Forgetting all about being a good girl with class. I tarnish my image, just to be a nother teenage girl willing to be fast. He saw me to be nothing more. But in the end I ended up feeling the same way. Still so freakin insecure about myself. I thought giving him sexual pleasures sex didn't make me more of the young lady I wanted to be. Looking at other women using sex as a weapon. I thought I could do it too. Tight fitted jeans, with lip gloss to tease. Low cut top, high heels, that video chick, that every dude wanted to hit. I wanted to be like her. Hoped and wished to be desired by many guys...

Thinking I could build up my pride by taking them for a ride. But in the end it's all the same. Still loving without loving myself is the biggest pain. No matter how many dudes get to feel inside of me, It's still so blandly plan to see... biggest insecurity: No amount of sex can cure me of my **Myself.**

Mmmm...  
**TITS!**

When I was around 11 or 12 I had my 1st lesbian experience. I have always been straight, but these past experiences still excite me to this day. One girl I used to "play" with was my age and more developed than I. Her breasts were slightly bigger and she had hair on her pussy. She would be

I am a professional woman, wife and mother but I have an insatiable sex drive. Unfortunately for my hobby he is a bit too boring. I love to go out with my girl friends and tease young boys at these dance clubs. Last weekend we went to a club and I dressed a tad provocative, short skirt, heels with stockings and garter. Well I was dancing with a college kid and it was very sexual. He was grinding on me from behind and my thigh was usually between his legs. God that kid had me hot. At one point his hand was up my skirt and he rubbed my little kitty. I moved into his hand and whispered in his ear that I wanted him inside me. He led me to the back of the place and paid the bouncer to let us in a back room that was more like a large closet. Once inside, I went straight for his cock and took him into my mouth. I sucked him for at least a good 15 minutes before he stood me up and bent me over a stool. He entered me hard and fast. It actually hurt at first but once he started pushing his cock in and out I was no longer any good. He pulled my hair and fucked me hard until he finally came inside me. It all happened so fast I did not have him use protection. It was the best fuck I've had in my 17 years of marriage. If you could have only seen the look of amazement on my girlfriend's faces when I came out. Priceless!

No one knows that I would love to have a girlfriend to play with while husband is out of town... I love to eat pussy more than I like to suck dick.

My boyfriend doesn't know, but I have been secretly meeting with his sexy older sister for months

Shhhh... I love nothing more than eating her sweet, wet pussy and sucking on her cute little clit. We sometimes play with each other for hours, and I go home to my man so wet, but he thinks it's because I've been thinking about fucking his big, hard dick. ♪♪  
It only he knew...

My fiance wants  
to fuck me in the  
ass.

I never really thought  
about it in any way, but he has started  
climbing on top of me whenever I lay on  
my stomach. He rubs his dick against  
the crack of my ass, and it starts to get  
me real excited. I rub my ass up  
against him, and my pussy gets all hot  
and wet, and then we usually have some  
great sex. I think I'm gonna surprise  
him on our wedding night and let him bareback  
me. I haven't told him, but I have been  
getting off while imagining him pounding his  
cock deep into my ass hole. I can give myself  
more than one orgasm at once, just thinking  
about that

big dicks  
inside my ass.

Ever since I got **forcefully**  
stripped nude by a group of  
4 boys, that had sex with me  
for hours, I've had this

**compulsion** to **expose** myself

to men. Two nights ago I was  
going to have sex with this guy, and  
invited his friend also. I've had  
sex with two and three guys at  
the **same time**, getting my pussy  
and mouth filled with their sperm. It's  
like I enjoy getting **gang  
raped** all  
the time. I love to get  
**fucked** all night, but feel **dirty**  
the next day. Then I get **horny**  
and do it all over again.

I think I have a **problem**  
and don't realize I do.

# Making Love

I love the feelings associated with making love. The way the slightest touch sends shivers down my naked body, my nipples become hypersensitive and the brush of lips on my neck turn me to putty. On top of all that there is an amazing emotional connection.

I have noticed that there is a huge difference in the way I orgasm when I am making love compared to a simple fuck. It is more intense, more spiritual.

When I was 17 I had heard about women having sex with their dogs. I thought it was gross at first. Then one evening after I had taken a shower, my dog, he is a black lab, started sniffing between my legs. I was going to push him away, but it got me real excited. So I laid back and spread my legs - next thing I know he is licking me. I was going crazy with him licking me so hard and fast that I came right away. I spread my legs wider and spread my pussy and his tongue went inside of me... it was great. I saw that he was hard so I pushed him away and started to stroke him. When I saw what he had, I got down on my knees. He mounted me and I slipped it into myself and he started to hump. The

more he humped, i could feel him get larger inside of me. At first it hurt a little bit, but the more he humped the nicer it felt. I could feel his knot, I was cumming like crazy and when he came, it was a feeling like nobody ever felt. When a dog comes it seems like there is no end, he keeps cumming and cumming. It was wild.

I am 24 now and live with my girl friend and own 2 black labs, both male. I introduced her to it and we have a lot of great moments.

that while I used my fingers, my clit, that I pretty quickly just masturbate

Over time, I was able to work myself up to having 4 or 5 tampons in at the same time (all UNUSED, of course) quite easily, and having really rocking orgasms.

Tampon = Dildo!

I remember as a teenager, before I moved out on my own and was able to buy "real" sex toys, I had to make do with things around the house. I realized (this was when I was still a virgin and pretty tight) using a tampon as a dildo used my index + middle one on each side of my hand and rubbed it hard, could have an orgasm and it was better than with my hands.

I **wrap** my tits one at a time with **dust tape** (it makes them stand out), rub **ice** on my **nipples** till they are erect and then put **butthole clips** on them. I then lie down with my **legs** up in the air and **spread** and change the **pressure** of the water. That really **f#%ks** my mind out.
